The following is information for Woodhull Telephone Company regarding compliance with applicable service quality standards and consumer protection rules.

Woodhull Telephone Company complies with the service quality standards pursuant to Subpart A, Section 730.100 of Title 83, Chapter 1, Subchapter f of the Illinois Administrative Code. Subpart E of this section addresses "Standards of Quality of Service". Subpart A, Section 730.115 requires the quarterly reporting of various installation, repair and answer time data for Illinois Commerce Commission and public review.

Woodhull Telephone Company complies with the requirements of 47 CFR Part 64 Subpart U, Customer Proprietary Network Information and Subpart Y, Truth in Billing Requirements for Common Carrier, and Federal Trade Commission Red Flag rules to prevent identity theft. A manual for CPNI and Red Flags is in place and employee training is conducted annually. New hires are instructed on the programs as required by their job functions.

The following is information regarding the ability of Woodhull Telephone Company to function in emergency situations.

Woodhull Telephone Company has a natural gas generator and batteries for backup power for the switch. Battery backup power is available for the Company's ONTs associated with FTTH. The Company's network includes a ring configuration with two routes out of the exchange to connecting company facilities. There is more than adequate switching and transport capacity available in the Company's network to handle potential traffic spikes during emergency situations.

Voice Services Rate Comparability Information for Woodhull Telephone Company

As evidenced by the data provided on line 700 of FCC Form 481, the Company's voice service pricing is no more than 2 standard deviations above the national average urban rate (\$46.96) as announced by the Wireline Competition Bureau on March 20, 2014 (DA 14-384).

The following is information describing the voice telephony service plan offered by Woodhull Telephone Company to Lifeline Program subscribers.

Woodhull Telephone Company offers tariffed residential basic local exchange service to Lifeline subscribers. This service provides a network access line and unlimited calling on a flat rate basis to all exchanges within the local calling area. The rate for this service is \$28.23 less the Lifeline discount of \$9.25 for a total of \$18.98.

For toll (long distance) calls outside of the local calling area, the Lifeline subscriber must choose an interexchange carrier and a long distance calling plan from that carrier. The rates for toll calls will be the rates charged by the Lifeline subscriber's interexchange carrier for the chosen long distance calling plan.
